Wow! What a pair of lungs!
FWOOSH
SPLAT!
SPLAT!
SPLAT!
SPLAT!
splat.
Sigh...
Ky, you seeing this?
Little dude came back.

I beg your pardon, sire. That dude doesn't look so little. I'd be wary your brother has found new magics since he gave up the Book.

Naw I can recognize those goofy pajamas anywhere.

Little dude was already doing some freaky stuff before he ran off with my bro.

What a bother...

Should I go and wake Page 297, my lord?

Wake them all. If this is all my bro sent, let's just get it over with.

Anything for you, sire!

Faux! Stop letting the Book take YOUR blows and do your own fighting!

FAUX!

If you don't get down here I'm going to knock you off that cheap couch you call a throne!

Looks like Faux's content with his guys fighting for him!

He's just ignoring me!

But don't ignore them, Toma!
